Welcome

Welcome to your new account

Welcome to your new account: undefined. Your account is compatible with many **Google services** (<https://support.google.com/a/answer/181865>), but your skole.hr administrator decides which services you may access using your account. For tips about using your new account, visit the **Google Help Center** (<https://support.google.com/a/users/answer/161937>).

When you use Google services, your domain administrator will have access to your undefined account information, including any data you store with this account in Google services. You can find out more here (<https://support.google.com/accounts/answer/181692>), or by consulting your organisation's privacy policy, if one exists. You can choose to maintain a separate account for your personal use of any Google services, including email. If you have multiple Google accounts, you can **manage which account you use with Google services and switch between them** (<https://www.google.com/safetycenter/everyone/start/accounts/>) whenever you choose. Your username and profile picture can help you to ensure that you're using the intended account.

If your organisation provides you access to the G Suite **core services** (https://www.google.com/apps/intl/en/terms/user_features.html), your use of those services is governed by your organisation's G Suite agreement. Any other Google services that your administrator enables ("Additional Services") are available to you under the **Google Terms of Service** (<https://accounts.google.com/TOS>) and the **Google Privacy Policy** (<https://www.google.com/policies/privacy/>). Certain Additional Services may also have **service-specific terms** (<https://support.google.com/a/answer/181865>). Your use of any services that your administrator allows you to access constitutes acceptance of applicable service-specific terms.

Click "Accept" below to indicate that you understand this description of how your undefined account works and agree to the **Google Terms of Service** (<https://accounts.google.com/TOS>) and the **Google Privacy Policy** (<https://www.google.com/policies/privacy/>).
